

Which One Is a Different Type?

- Look at the plants below.
- One is DIFFERENT from the others.
- Fill in the above the plant that is a DIFFERENT type than the others.

A large diamond-shaped graphic divided into four quadrants by a diagonal line from the top-left to the bottom-right. Each quadrant has a different background color and contains a different plant illustration. At the top of each quadrant is a small white circle with a green outline, intended for a student to mark their answer.

- Top-Left Quadrant (Purple background):** Contains a yellow tulip with a green stem and two green leaves. A white circle with a green outline is at the top.
- Top-Right Quadrant (Light Orange background):** Contains a brown maple leaf. A white circle with a green outline is at the top.
- Bottom-Left Quadrant (Orange background):** Contains a large green leaf with prominent veins. A white circle with a green outline is at the top.
- Bottom-Right Quadrant (Light Purple background):** Contains a yellow leaf with a brown stem and veins. A white circle with a green outline is at the top.
